RANGE ROVER

THE MOST COMPLETE LUXURY 4X4 IN THE WORLD: What can four-wheel drive offer that two-wheel drive can't? It's quite a list. The best four-wheel drive vehicles already approach the ride and handling of two-wheel drive luxury saloons with comfort to match. Much of The Range Rover's advanced technology has as many benefits for on-road driving as off-road. Not to mention outright performance. With this in mind, The Range Rover Supercharged is introduced.

The most advanced, most luxurious, most powerful Range Rover ever. And with its iconic silhouette and masterful interior, the world's most complete luxury 4x4. Improved performance, better fuel economy and superior refinement. No other vehicle offers so much and yet never leaves comfort and refinement behind. And it's not just performance and refinement that have been improved. New exterior details add emphasis to The Range Rover's styling and imposing appearance including an enhanced front grille and bumper, the side power vents, front and rear lamps and wheels. The Range Rover is now even more effortless to use, with Bi-Xenon Adaptive Front Headlights, rear view camera and touch-screen control for satellite navigation, in-car entertainment, phone and off-road driving information.

PERFORMANCE

A NEW LEVEL OF PERFORMANCE: The Range Rover Supercharged. The most supreme expression of the most complete luxury 4x4 in the world. A Supercharged 4.2 litre V8 lightweight engine makes this the most powerful Range Rover ever made. And also the most refined: it offers 40 percent more power, over 25 percent more torque and more immediate, supple delivery of acceleration than previously experienced.

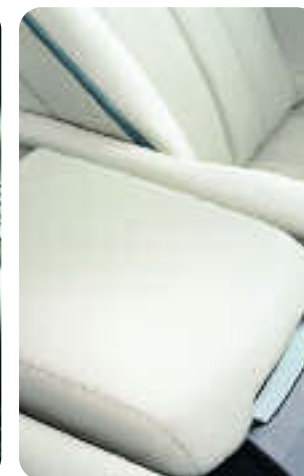

FUEL ECONOMY* & PERFORMANCE	Supercharged V8	4.4 V8 Petrol	3.0 V6 Diesel
Urban mpg (L/100km)	12.6 (22.4)	13.4 (21.2)	19.6 (14.4)
Extra urban mpg (L/100km)	23.1 (12.2)	24.9 (11.4)	30.1 (9.4)
Combined mpg (L/100km)	17.7 (16.0)	18.9 (14.9)	25.0 (11.3)
CO ₂ emissions (g/km)	376	352	299
Maximum speed mph (kph)	130 (210)	124 (200)	111 (179)
0-60mph	7.1	8.3	12.7
0-100kph	7.5	8.7	13.6

*Manufacturer's data according to new government test regulations.

Fuel consumption figures: The results given here do not express or imply any guarantee of the fuel consumption of any particular vehicle with which this information may be supplied. Vehicles are not individually tested and there are inevitable differences between individual vehicles of the same model. The vehicle may also incorporate particular modifications. Furthermore, the driver's style and road traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. Fuel tank 104.5 litres (23 gallons). Usable fuel 82.3 litres (21.74 gallons). Low fuel warning at 9 litres (2 gallons) approx.

THE MASTERFUL INTERIOR: The Range Rover is a contemporary expression of a world-renowned classic. A key element in this theme is the masterful interior design: a combination of craftsmanship and luxurious internal dimensions off-set against an array of high-technology features. With the view from The Range Rover's

renowned command driving position, relaxing in luxury and being able to call on reserves of effortless cruising power, it is easy to forget that this is also the finest off-road vehicle in the world.

NAVIGATION AND ENTERTAINMENT

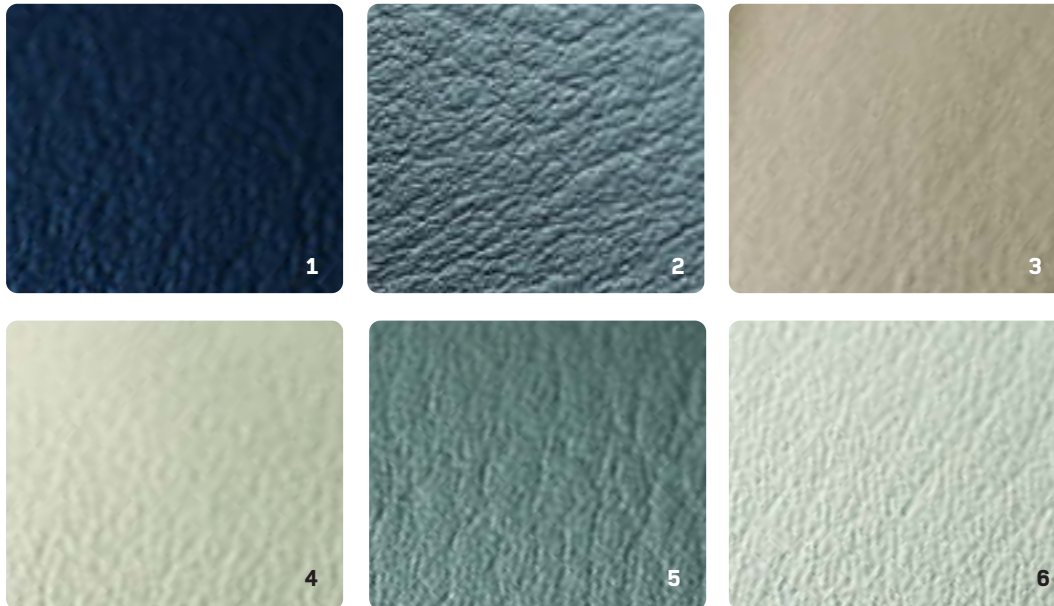

The Range Rover offers Premium Navigation as an option. It's an easy-to-use DVD-based satellite navigation system with a choice of 2D or 3D route displays which can be operated manually or by voice control. In fact a postcode entry is often all that is required. Voice, map and text instructions give a guide to the destination with both estimated time of arrival and distance remaining being displayed on-screen.

The system has the ability to re-route following changes in traffic conditions and even provides off-road navigation. Also available as options on The Range Rover are the superb **harman/kardon**® LOGIC7 sound system and Rear Seat Entertainment with a six-disc DVD changer.

INTERIOR COLOURS

The interior is available in a wide range of combinations using six leather colours to complement three fascia and trim finishes. The Range Rover Supercharged allows an additional choice of interior trim, the distinctive Grand Black Lacquer finish.

1. NAVY LEATHER

2. CHARCOAL LEATHER

3. SAND LEATHER

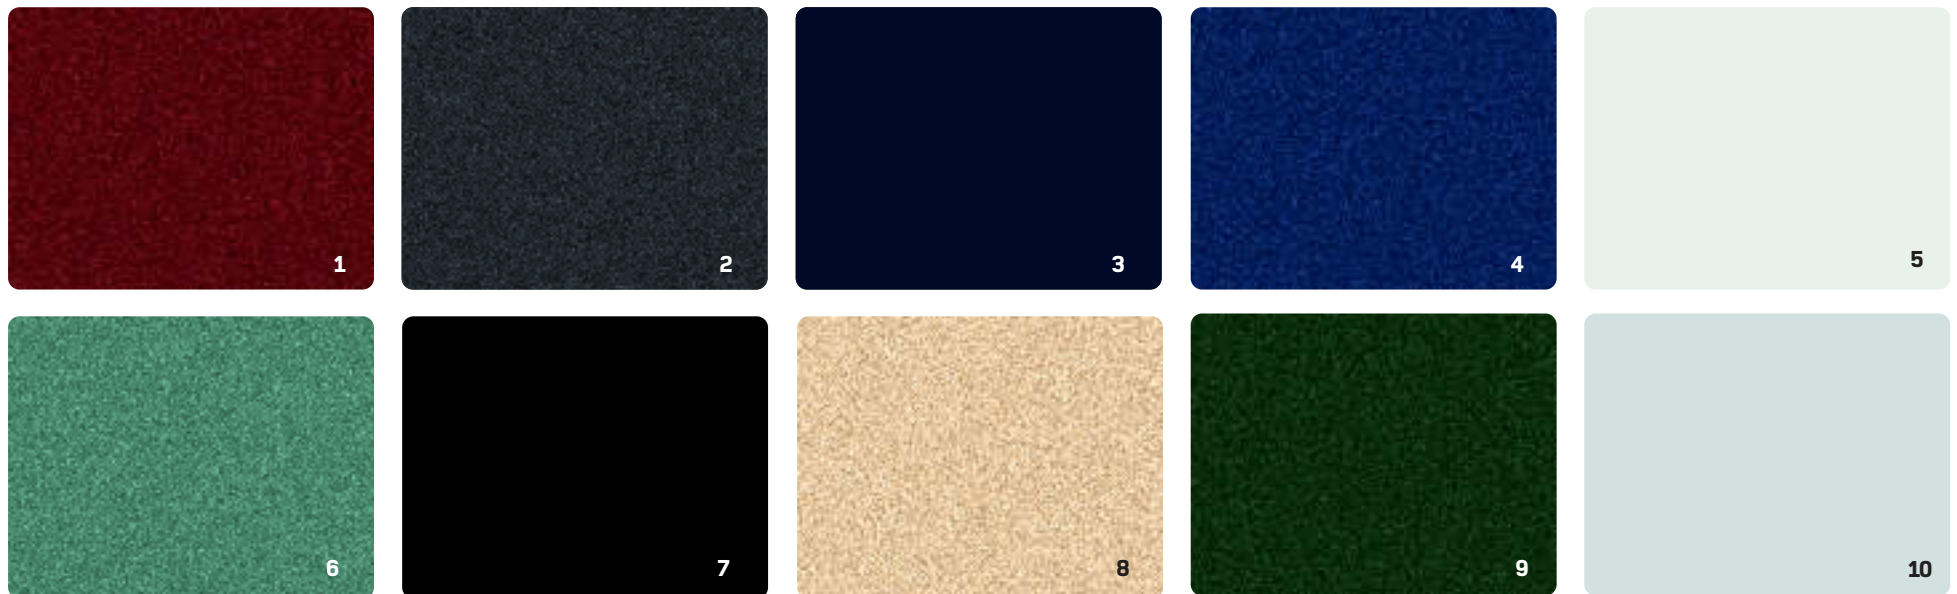

4. PARCHMENT LEATHERS.

5. ASPEN LEATHER

6. IVORY LEATHER

EXTERIOR COLOURS

Ten exterior colours are available with a choice of solid or metallic surfaces.

1. ALVESTON RED - METALLIC

2. BONATTI GREY - METALLIC

3. BUCKINGHAM BLUE - METALLIC

4. CAIRNS BLUE - METALLIC

5. CHAWTON WHITE - SOLID

6. GIVERNY GREEN - METALLIC

7. JAVA BLACK - METALLIC

8. MAYA GOLD - METALLIC[†]

9. TONGA GREEN - METALLIC

10. ZAMBEZI SILVER - METALLIC

[†] Available until October 2005.

AUTOBIOGRAPHY

Autobiography: for the ultimate choice in bespoke interior design. To make The Range Rover like no other, and as an addition to the standard interior choices, individual taste and style can be freely expressed through colours, fabrics, leathers and wood finishes. Four special Autobiography finishes are available with each item featuring sympathetically matched grain patterns for the fascia centre stacks,

facia end caps, door pockets and release surrounds. A duo-tone leather steering wheel, sheepskin carpets, embroidered headrests and a further option of the extended leather pack (which matches the chosen interior and includes gearshift gaiter, handbrake gaiter and cubby box lid covered in leather) is available.

Autobiography can also offer alternative exterior colours.

CAPABILITY

The Range Rover is engineered to afford levels of handling, refinement and comfort that satisfy the most demanding luxury car buyers. Many of The Range Rover's features can be automatically adjusted to the driving environment, creating a perfect balance between refinement and performance. For example, four-corner cross-linked air suspension optimises ride comfort and maintains body composure. Electronic Traction Control distributes drive by adjusting individual wheel speeds via an ABS control unit, and Dynamic Stability Control counteracts side forces that might trigger slewing or skidding. Off-road, Hill Descent Control maintains a safe, constant speed on steep or slippery slopes. An electronic centre differential is connected to a six-speed transmission on petrol models. Brembo brakes – larger front discs with four piston calipers are fitted to The Range Rover Supercharged.

EXPERIENCE

TO REQUEST YOUR TEST DRIVE CONTACT YOUR LOCAL DEALER OR CALL 0800 110 110

The Land Rover Experience is specially designed to better acquaint you with the unique capabilities of The Range Rover at any one of the nine prestige centres countrywide. Breathtaking scenery, luxurious accommodation and hands-on instruction in all aspects of off-road driving. Before you know it, you'll be tackling a range of challenging conditions: from steep or slippery inclines to swollen streams. All under the expert guidance of our instructors.

Colours

Important notice: The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Certain specifications are built to customer special order. For delivery availability information, please consult your Land Rover Dealer. The colours shown cover all the models currently produced by Land Rover. Some of these colours may not be obtainable in your country. Please check availability with your Land Rover Dealer.

Engine

The results given here do not express or imply any guarantee of the fuel consumption of any particular vehicle with which this information may be supplied. Vehicles are not individually tested, and there are inevitably differences between individual vehicles of the same model. In addition, the vehicle may incorporate particular modifications. Furthermore, the driver's style and road traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance will all affect its fuel consumption. Information as to the results of officially approved tests on all vehicles tested is available for inspection by customers on the premises where these vehicles are displayed.

This information is for international usage and whilst Land Rover take the utmost care in ensuring that all the details are correct at the time of going to press, we are constantly striving for improvement and therefore reserve the right to alter specifications and equipment without notice. Details of specifications and equipment are also subject to change to suit local market conditions and requirements, and not all products are available in every market, some vehicles may be shown with accessories or optional equipment fitted. These products vary from market to market, please consult your Land Rover Dealer who will be pleased to advise you on current specifications. Distributors and Dealers are not agents of Land Rover and have absolutely no authority to bind Land Rover to any express or implied undertaking or representation.
